AWARD

By order No. ID/FD/392-71/33522, dated 15th November, 1971, the Governor of Haryana referred the following dispute between the management of M/s Elsons Cotton Mills (P) Ltd., Ballabgarh and its workmen, to this Tribunal, for adjudication in exercise of the powers conferred by clause (d) of sub-section (1) of section 10 of the Industrial Disputes Act, 1947:—

Whether the management should be required to the pay bonus to the workers for the year 1970-71 ? If so, what should be its quantum and terms and conditions of its payments ?

On receipt of the order of reference, notices were issued to the parties. The parties appeared and filed their pleadings. On the pleadings of the parties, the following issues were framed by my learned predecessor on 20th March, 1972:—

- (1) Whether the demand, the subject-matter of the present reference was raised by the concerned workmen or their union first on the management and rejected by it ? If not, with what effect ?
- (2) Whether the statement of claim is not in order ?
- (3) Whether the management should be required to pay bouns to the workers for the year 1970-71 ? If so, what should be its quantum and terms and conditions of its payments ?

By order dated 30th January, 1973 my learned predecessor decided issues Nos. 1 and 2 against the management and the case was proceeded on issue No. 3. Then my learned predecessor again framed another issue on 20th February, 1974:—

Whether the dispute the subject-matter of the present reference had been settled as alleged by the management ?

My learned predecessor decided this issue also on 18th February, 1975 against the management. Then the case was taken on merits, i.e., on the main dispute under reference. The management examined Shri Devi Chand Sharma, their Accountant as M.W. 1 who proved the printed copies of their balance sheets. He deposed that the management company was incorporated on 7th May, 1974, and manufacture activities started in July, 1967 and company deposited licence fee under the Factories Act on 15th July, 1967 and manufacturing fee with the Textile Commissioner. He proved the Treasury challan Exhibit M. 1. He further deposed that income Tax Authorities had assessed the income tax for the year 1967-68,—vide assessment order, copy whereof is Exhibit M. 5. He proved printed copies of balance sheet for the years 1967-68 to 1970-71 and stated that the company earned profit of Rs. 13,67,814 as net profit but this was adjusted against losses of Rs. 23,06,575 for previous year and still there was a loss of Rs. 9,21,710 which adjustment has been allowed by the Income Tax Department. Bonus was calculated in accordance with the payment of Bonus Act, 1965 but there was no available surplus for distribution amongst the workmen and therefore, they could not pay the bouns to the workmen.

He proved the calculation Exhibit M-11. The workmen had produced several workmen from W.W. 1 to W.W.12. W.W.2 stated that he received bonus for the year 1972-73 under protest. Evidence of the workmen does not support their demands. I have gone through the entire evidence of the parties oral as well as documentary. I have also heard the arguments of the parties. The management have also filed written arguments. The management argued that the factory was a newly set up establishment and according to section 16 (1) of the payment of Bonus Act, bonus is not payable to the workmen. That they were justified in law to adjust the profit that accrued to them in the year 1970-71 against losses that they have suffered during previous years. I have also gone through section 16 (1) of the Bonus Act. The management had proved that the factory started manufacturing in July, 1967 and they were entitled to the adjust the profit 1970-71 against the losses that they suffered in the year 1967-68, 1968-69 and 1969-70 and there was no available surplus thereafter. The law does not entitle the workmen to get bonus for the year 1970-71. The workmen could not make out any case for their demand. I, therefore, give my award as follows:-

That the management should not be required to pay bonus to the workers for the year 1970-71. Terms and conditions of payment and the quantum of the bonus for the above said year is not necessary to be given.

On receipt of the order of reference, notices were issued to the parties. Together with this order of reference, another order of reference was also received regarding a dispute between this management and its other employees regarding termination of services of those employees. That reference was registered at No. 54 of 1977. Therefore, notices for both the references were issued to the parties. Notices were issued,—vide Registered A.D. regarding both the said references which was received by the management on 7th June, 1977. The receipt of the notices,—vide registered A.D. bear the signatures and seal of the management but the management did not appear and the workmen appeared. Again notices were issued to the management for 25th July, 1977 by registered A.D. which was also received by the management on 20th July, 1977. The management signed and put their seal on the receipt on the registered A.D. form but on 25th July, 1977 also the management did not appear, only workmen appeared through their representative. Therefore, then the management was proceeded against *ex parte* and the case then was fixed for filing claim statement by the workmen, which they filed.

Then the case was fixed for the *ex parte* evidence of the workmen. The registered A.D. forms evidencing service on the management of notices for both the references are on the file of reference No. 54 of 1977.

The management then examined one Shri Jagan Nath as their witness who deposed that the management obtained his resignation under coercion. He reported the matter to the Labour Officer,

Even the Chief Deputy Labour Commissioner Shri D. Panday of the Central Government enquired and he found his report correct. He produced a News Item Cutting from Nav Bharat Times. A Hindi daily News Paper dated 5th May, 1977 Exhibit W. 1. He prayed for reinstatement and deposed that Exhibit W. 1 relates to all the workmen. The workmen also examined Shri Vejinder Singh their representative of the workmen as witness who proved document Exhibit W. 2 to W. 22. He deposed that the workmen were forced and coerced to write resignation and prayed that all the workmen be reinstated.

I have gone through the evidence of the workmen oral as well as documentary. I have seen Exhibit W. 1 a News Item Cutting of the above said News paper Nav Bharat Times. I have also gone through the letters of the workmen produced on the file Exhibit W. 2 to Exhibit W-22.

Inspit of services upon the management they did not turn up and appeared, although service was affected on them twice by registered A. D.) It shown that the management did not like to defend the case. The management did not rebut the evidence of the workmen as they did not appear at all.

From the *ex parte* evidence of the workmen I find that the discharge of the workmen whose names have been given in the order of reference was neither justified nor in order and the resignation obtained from them by the management were obtained forcibly. I, therefore, give my award as follows :—

That the discharge of the following workmen who have complained that they were forced to submit resignation, was neither justified nor in order. They are entitled to reinstatement with continuity of service and with full back wages:—
